

St Agnes Annual Goals

By the End of 2018

**Brisbane
Catholic
Education**

Building a Catholic Education for the Future

Year 3-6 students will focus on improving their writing against the BCE benchmark. This will be done by implementing the Effective and Expected Practices in our teaching and building staff capacity in the use of the Writing Analysis Tool

Teachers will embed a recontextualised Catholic perspective across all learning areas through curriculum planning and staff familiarisation with the BCE curriculum website

St Agnes will have developed a stronger and more conscious connection with the Josephite Charism and the story of the Sisters of St Joseph

We will establish a rationale around the religious iconography throughout the school

Holistic formation experience for student leaders are developed and implemented

The Scope and Sequence for the teaching and learning of Religious Education is updated, with a specific focus on deep learnings

The school will have developed processes for a 1 to 1 device program, to be implemented in 2019

There will be new flexible learning spaces throughout the school

All teaching staff will set, plan and review professional goals

A whole school curriculum planning template will be used across all subject areas and uploaded to the school portal

We will have reviewed current operational systems and maintenance protocols to develop an operational and maintenance plan for 2019

We will have reviewed our communication protocols with the aim of developing a communication plan for 2019

Complete an audit of the current extra-curricular activities offered to our students
